In Memoriam

In memory of Margaret Hidey, who left this life on October 20, 1957. We the staff, the faculty, and the student body express our deepest sympathy.

Dedication

We, the members of the 1958 Delphian Staff, dedicate this volume to

MR. LEO BENJAMIN

in recognition of his unselfish efforts in giving of his time and counsel to help our students develop the characteristics of perseverance, self-discipline, and fair play.

Foreword

School is a time for many things. It is a time for learning, for making friends and for having good times. School is also a time for growing and maturing. The time of your youth is remembered as the happiest time of your life. It has been our goal in making this book to show in cherished remembrance school days, the time of your life.

GLENN SWARTZ

Editor-in-Chief

In the time of your life, live—so that in that good time there shall be no ugliness or death for yourself or for any life your life touches. Seek goodness everywhere, and when it is found, bring it out of its hiding place and let it be free and unashamed. Place in matter and in flesh the least of the values, for these are the things that hold death and must pass away. Discover in all things that which shines and is beyond corruption. Encourage virtue in whatever heart it may have been driven into secrecy and sorrow by the shame and terror of the world. Ignore the obvious, for it is unworthy of the clear eye and the kindly heart. Be the inferior of no man, nor of any man be the superior. Remember that every man is a variation of yourself. No man's guilt is not yours, nor is any man's innocence a thing apart. Despise evil and ungodliness, but not men of ungodliness or evil. These understand. Have no shame in being kindly and gentle . . . In the time of your life, live—so that in that wondrous but shall smile to the infinite delight and mystery of it. time you shall not add to the misery and sorrow of the world,

A Time for Guidance

School is a time for guidance. During our school years our teachers and administrators guided our learning and maturing, not only in our classes, but also in our activities and our plans for the future. We are deeply indebted to our teachers for their patience and understanding in guiding our learning and growing. Above, we see the teachers gathered for a teachers meeting. At left, Becky Riggle, Mrs. Crites and Darlene Myers hard at work in the office.

A Time for Learning

Our classes were the Time for studying and learning. It was our responsibility to study as hard and learn as much as we could. In some of our classes we learned by experimentation and in others we learned by doing. This year a new art course was offered. This class gave many a chance to develop their artistic abilities. Above, Miss Helmick and Vic Marsh are busy in the chemistry lab, while Mary Ann Miskimen looks on. At the left we see Glenn Shull in art class.

A Time for Meeting

Our time in school would not have been complete without the extra-curricular activities in which we participated. This year no new clubs were organized, but many of our clubs grew in size. We will never forget the good times we had in our clubs and activities. Above, Jim Watson has the advantage over Dick Tarulli as the kibitzers eagerly await the kill. At left we see a spirited melee in a girls' noon-hour basketball game.

Senior Division Student Council

"The meeting will now come to order." The Senior Division councilors know this expression well! Every Monday during the fifth period this expression is pronounced by the president of the Student Council.

At the beginning of the school year each homeroom elects a councilor and an alternate to represent it in the council meetings.

The different problems are met by the decisions which the council thinks best. In this way, the student councilors learn to choose the best way for the benefit of themselves and others, and to contribute in some way to the government of their school.

Some of the seasonal activities that were discussed at council meetings were the regular problems of the week, the record hop featuring Sal Butera, which was held in the school library, nomination and election of officers, and the election and coronation of the Homecoming Queen.

The Queen and her court are elected by the student body under the auspices of the Student Council. The attendants are chosen from the ninth, tenth, eleventh, and twelfth grades, and the pages from the seventh and eighth.

The court reigned over the East Liverpool football game and at the Homecoming Dance held at the Elks ballroom.

Junior Division Student Council

"Know Your Student Council" was the slogan of the Junior Division Student Council this year. Homerooms, students, and members of the faculty were encouraged to visit the council meetings which were held each Monday the first period.

Among the projects sponsored by the council this year were the following: A very successful magazine drive totaling \$3914.32, with thirty-nine thirty dollar salesmen; an excellent noon-hour program of dancing, volley ball and basketball intramurals, ping-pong, and shuffleboard; a very satisfying school savings and defense stamp project; acting as hosts for "Open House" on November 4, as well as stressing the importance of passing the school levy; installation of a very good system of hall guards; and encouraging better scholarship by reading and posting the names of all pupils on the honor roll after each grading period. Other projects included putting into effect the revised "activity point" system under which an activity card upon which is recorded each co-curricular activity of each student, grades seven through twelve, is made to be placed in the permanent folder when the student leaves school; the preparation and adoption of a "Teenage Code" to be put into operation next year; supervision of homerooms as well as general elections; sending of a delegate from the junior division to the State Student Council Convention at Mansfield; visiting the city council; approval of the purchase off a Polaroid Land camera to be used for "on the spot" pictures of school activities; and closing the year's activities with a most enjoyable spring party.

THE LEADERS CLUB

The Leaders Club, which is an outgrowth of the Junior Division Student Council, meets every Tuesday the first period to consult with the vice-president of the council.

The club consist of vice-presidents from each homeroom in the junior division and its adviser is Mr. Keppler. The chairman is Kenny Monte.

One of the main jobs of the Leader's Club is to help the chairman prepare programs for the homerooms.

This is the first year these students have been organized but they have been very active in the past as individual leaders.

The Delphian Staff

If you have walked into Mr. Rieker's room the seventh period of any day, you have probably heard someone yelling.

"—Where's my assistant?"

"—Have you counted any tax stamps?"

"—How many Delphians did you sell?"

"—What is the exact number of the seniors in this year's class?"

These are only a few of the things said in the Delphian Staff's workshop.

The senior editor of each department has his own job set before him and is held responsible for it at the deadline. In order to do his work accurately and on time and for training purposes, he has a junior assistant assigned to him.

Students are chosen for the Delphian Staff on the basis of their ability, their work, their activities, cooperation and other qualifications. The sophomores are appointed at the beginning of the second semester and they serve as apprentices, count tax stamps, and help as needed for the remainder of the school year. In their junior year they become assistant department heads, and, in time, full-fledged editors or managers in their senior year.

The Delphian Staff strives to make the yearbook one that will be remembered and cherished. Both teamwork and individual work are required to bring out the highlights of the past school year and to shape the memories that will be recalled in future years.

The Central News

"Get your CENTRAL NEWS, only 5 cents a copy, latest happenings at N.P.H.S." Every three weeks this message is sent out from the Central News Staff. These latest happenings include the sports reviews of games coming up, jokes, gossip, feature articles on the latest center of conversation and many other news articles.

THE CENTRAL NEWS has a Christmas party and in the spring has a joint picnic with the Delphian Staff.

In addition to the tri-weekly publication, the staff is in charge of QUAKER HIGHLIGHTS, which appears in THE DAILY TIMES.

The staff, which has won numerous awards in annual competitions, belongs to the Columbia Scholastic Press Association.

"Copy, copy, copy! Stencils and more stencils! These are two things that are of vital importance to these girls who work behind the scenes.

They see that the articles written by the Central News Staff are typed up and put on stencils. These stencils are then mimeographed and the papers are turned over to the Central News Staff to be put together and sold.

The girls must be accurate and neat in their work and are chosen for their jobs by these qualifications.

Honor Club

OFFICERS

President	Roger Lile
Vice-President	Janet Williams
Secretary	Doris Neff
Treasurer	Judi Alexander
Advisers	Miss Shumaker, Miss Helmick, Mr. Williams

Two A's and two B's or better will get a tenth, eleventh, or twelfth grade student in the Honor Club. The club offers the students a challenge and competition. It gives them the incentive to work to the best of their ability, and a goal to work towards.

This goal is to be a life member. To become this, the honor student must be on the honor roll five out of six semesters. In the spring, at an honor assembly, these students receive a special gold pin which is furnished by the Board of Education. Those students who are on the honor roll three semesters receive an active membership and those enrolled for one semester become associate members.

This year the administration has tried anew to stress the importance of good grades and has had the honor students meet and discuss this problem, and has also created an adult scholarship board to help emphasize scholastic excellence.

The activities throughout the year are discussed and the plans decided upon by the officers and their own special committees.

At the beginning of the fall term the Y-Teens had a get-acquainted dinner for old and new members. Later on an induction service was held.

This year the club members were very active. They presented the annual Christmas Pageant under the direction of Mrs. Carroll. In addition to this, they donated food to a needy family and in the spring held a Senior salute in honor of the graduating seniors.

The club's purpose is to join girls together in Christian unity and friendship.

Any boy from the tenth, eleventh and twelfth grade may join the club. The boys learn the art of chess and are able to practice what they learn, thus cultivating a respected hobby for their later life.

Two members of the club, one in junior division and one in senior division, are posted in the hall each period, prepared to take care of the different cases that arise. They try to make the ill students feel comfortable until the nurse can take care of them.

The purpose of the club is to help girls who are interested in nursing get acquainted with the different tasks involved.

The club has had several guest speakers, a few demonstrations, and a picnic in the spring in tribute to the senior members.

"Are you going to Spain?"

"Will you be able to ask where the nearest hotel is?"

This is one reason why the Spanish Club came into being—to encourage interest in Spanish culture and customs of Spanish speaking countries.

To aid in learning this culture, the club members wrote to pen pals of these various countries.

The club enjoyed many speakers who told of their visits to Mexico, Spain, and several other countries.

Feeling that Spanish culture should be realized, members of the club skillfully decorated the window of the Ohio Power Company, and also the showcase in junior division.

The social activities included a chili supper and a record hop.

Future Teachers of America

This organization turns the tables on eleventh and twelfth year students. As substitutes for absent teachers, these students see what the teachers must put up with, what they must produce, and then find out whether they would enjoy teaching in later years.

A "C" average is necessary to be in the club and it must be maintained throughout the year.

This year the F. T. A. has sent many seniors to the elementary grades to observe the various techniques employed by the teachers.

A group of the members presented a short skit, Mr. Force gave a talk, a college student spoke, and a movie was presented. Mr. Fishel gave the first annual F. T. A. banquet for the seniors this year.

"Now people," is a familiar saying of Mr. Bliss, the director, when he is ready to start class. All is quiet and as he raises his hands the piano starts and choir begins.

We are very proud of our choir which is made up of juniors and seniors. They have made many appearances such as the Elk's Memorial Service, the College Club, Patrons Concert, Easter Sunrise Service and the annual Christmas Pageant and Baccalaureate Service.

During the year five schools assemble at one certain school for a choir workshop at which time they have a guest director to conduct the different choirs and give helpful suggestions.

As each choir period closes we hear the traditional song of the choir, "The Lord Bless You and Keep You", the same song that the choir sings to close every successful appearance.

Betty MacDonald has talked her two attractive teen-age daughters and somewhat doubtful husband into sinking every cent they have into a home on an island in Puget Sound. On their first day the tide comes in unexpectedly, finding half of their possessions on the beach. They catch a last glimpse of their washing machine bobbing out to sea. The two girls see their entire future—boy friends and all—drifting away like the washing machine. Everything Betty does to make this venture a success backfires on her. Her daughters are at a painful stage—boy crazy, putting on lipstick to go gather driftwood, switching from hair curlers to hair straighteners, and always coming up with mysterious ailments to avoid home work. The problems of dates when one lives on an island are so difficult that the girls decide that if they could live in the city again, they'd never come back. But these are not the only problems. Betty lists the things you have to accept: dinner guests are often still with you days later; sleeping in the lawn swing is fun if you remember the raccoons are just trying to be friendly; any definite appointment automatically signals the ferry boats to stop running; a telephone call from a relative beginning "Hello, dear, we've been thinking of you"—means you are going to get someone's children.

The complications develop, and the girls are now certain that they are doomed to be spinsters and that their lives are ruined beyond repair. Betty is sunk—miserable at having brought this apparent disaster on them all. Yet, in the midst of the humorous difficulties and despair, the family finds a special value in the life they are creating. This is a brilliant and thoroughly enjoyable comedy, and it was excellently performed and produced by directors, cast, and staff.

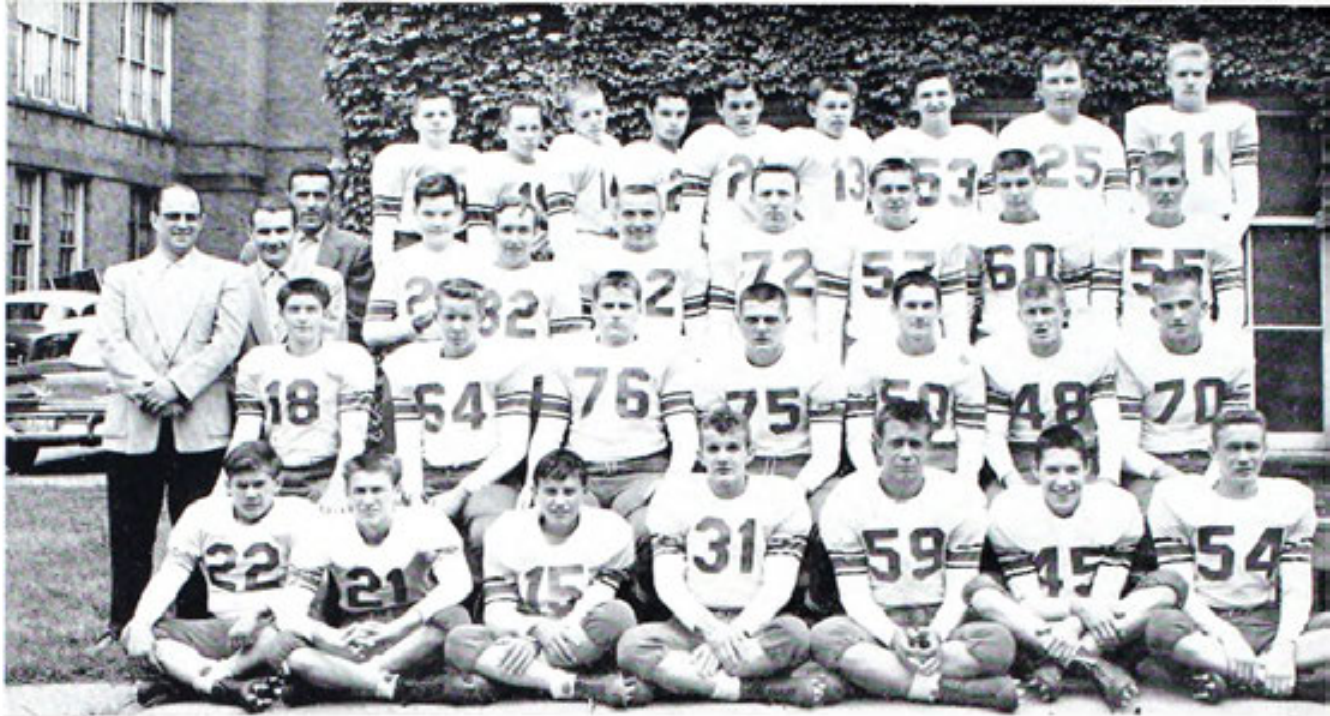

A Time for Competition

Our school offered a time for competition with the many athletic teams that were sponsored. Those who participated worked hard for our teams and learned the importance of team work and sportsmanship. Without these sports events, our time in school would have been much less exciting and thrilling. Above: Mr. Benjamin and Charles Fawcett intently watch the game. At left we see Bill Carpenter meeting the co-captains of the opposing team.

Varsity

Our football squad had a record of seven wins and three losses during this 1957-1958 season.

It was another well-coached and skillful team that went out on the field determined to make the school proud of it and the opponents envious of its ability.

The 1957-1958 squad was a team noted for its grit, determination, and refusal to quit. This never-say-die spirit enabled the Quakers to score three fourth-quarter touchdowns in seven minutes to defeat Jackson Memorial by a score of 21 to 19. This spirit also gave the Quakers a victory of 20 to 19 over Cuyahoga Falls, by scoring in the last few minutes of the game.

Every man did his part to spur the team to victory.

WILLIAM KIDD—Our head coach, who has studied at Capital University and Ohio State University, has been a member of our faculty for fifteen years and has been our head football coach for ten years.

We are proud to have a man such as Mr. Kidd on our school faculty.

All in all, this renewed sport was a well-accepted addition to our N. P. H. S. roster, and is likely to continue to grow in favor.

Among the many sparkling individual performances, outstanding was Bill Cooper's no-hitter against Dover. Cooper also was chosen to the official All-Ohio team, and was a member of the South squad in the annual All-Star game at Columbus.

Quaker

On September 4, the guys and gals greeted each other again after an enjoyable summer vacation and started the '57-'58 school term. Some were already looking forward to our vacations which included one day each for the county fair, a teacher's meeting and Veteran's Day. We also had vacations for Thanksgiving, Christmas holidays, a Mid-Semester Conference and Easter. June 3 ended the study-and-fun-filled school year.

Besides interscholastic sports activities, there are also intramural sports consisting of volleyball and basketball for boys and girls during the noon hour. These were under the direction of Mr. Keppler in Junior Division and Mr. Ladrach in Senior Division. One of the school's biggest projects every year is the magazine drive. The highest selling homeroom, 311, was treated to a dinner at Padula's. This is the third straight year for them—congratulations. Each boy and girl selling over \$30 was also awarded with a dinner at Padula's.

In September we also began our highly successful football season. Our team was cheered on by the student body led by cheerleaders Deanna Polka, Janice Russell, Melanie Mears, and co-captains Judy Wheeler and Sue Helbling. Providing outstanding performances at half-time was the marching band under the direction of Richard Hanson. Out in front were our skilled drum majors, Tim Bichsel and Eddie Wise, Quaker girl Carol Sanders, and majorettes Dorothy Dindo, Marlene Struchen, Becky Tucker, Judy Harris, Carolyn Bailey, and Sally Jo Mathias.
